On each end the nearest wood to the jack scores 4 points, second wood 3 points, third wood 2 points and fourth wood 1 point. All woods to count regardless of distance. Points accumulate to whoever's woods they are so the points can be shared 5-5, 6-4, 7-3, 8-2, 9-1, or scored 10-0. The match only finishes when one player has accumulated 100 points; in the event of a tie extra ends will be played until a winner emerges.

A two wood singles competition played on level terms over 21 ends. It is played with a roving jack which can be bowled to any part of the rink but must be not less than 1 metre from the rink side boundaries and not less than 2 metres from the ditch. If the jack comes to rest outside these distances, but still within the confines of the rink, then it is placed in the nearest position within these limits.

The winner is the player with the highest score after 21 ends but the game can be decided sooner that this if the player who is behind cannot score enough to win, bearing on mind there are only two shots to each end; e.g. if after 17 ends Player A has 19 shots and Player B

10 shots, Player B can only score a maximum of 8 further shots for a total of 18 and therefore cannot win.

The Competition Committee will draw to match the pairs and will allocate handicaps to each player. The difference between the combined handicaps will be awarded to the lower combined handicap team on the first end in addition to any points scored. For example Team A with Player X on 4 and Player Y on 6 total 10; Team B with Player W on 8 and Player Z on 6 total 14; The difference of four shots is awarded to Team A.

This competition is not open to members in their first year at Mackie Bowling Club unless a member has a previous known club playing record.

ARTHUR BACON TROPHY ('Three Sets')
